TURTON & SERCOMB,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of [illegible] horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. in any department.

In regard to the character of the work got up by this
The Oldest Establishment in the State
the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, of the most approved principle.

They have always on hand a large stock of BRASS WORKS such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "Excelsior."

MILWAUKEE:

Monday Morning, December 15.

Wisconsin Almanac and Annual Register for 1857.

We shall publish, on or about the 1st of January, No. 2 of our Wisconsin Annual Register, containing, in addition to the Calendar for the year, Description of Wisconsin, List of Members of all the successive Legislatures, Tables of all the general Elections held in the State, Census of 1855 by towns, &c., &c., an Appendix, giving much other valuable matter. We propose to add to the matter contained in the Register for 1856, the Election Returns for last November, by towns—the new Apportionment Bill—the Assessment and Equalization of Property for 1856—the Vote of the Union for President—besides other valuable statistics for reference, the whole making a pamphlet of about 120 pages.

Price for single copies, 25c; a liberal discount made to those who buy to sell again. RUFUS KING & CO.

To Advertisers.

We shall have a few pages for advertisers in the *Wisconsin Almanac and Annual Register*, which we hope to issue about the 1st of January. As the pamphlet will be one of great value for frequent reference, it is an excellent medium for advertising. Those who desire to avail themselves of it will do well to make immediate application.

Our Senator Ex-Gov. Dodge.

With the close of the present session of Congress will end, in all probability, the political career of our Veteran Senator, Gov. Dodge.—He has so long occupied a prominent position in the affairs of this State and has been so intimately connected with its growth and history, that even if his public services had been little worth and his political action obnoxious to the censure of many of his fellow citizens, they could not view, with entire unconcern or indifference, the retirement of the old soldier from the post which he has so long held. But, when, as in the case of Gov. Dodge, a long and useful public life has been illustrated by signal fidelity to principle, by inflexible honesty of purpose, by unswerving attachment to friends, and by unwearied devotion to the best interests of the State, it is impossible to part, unmoved, with the veteran of three score and ten. It has been our fortune, at all times, to be politically opposed to our retiring Senator, and there have been occasions when his course in the Senate was not what we could have wished it. But we should be unjust indeed to deny to Gov. Dodge the merit of having steadfastly adhered to the faith which he professed and, subject to his political convictions and associations, of having honestly endeavored to reflect the sentiments, maintain the views and promote the interests of the People of this State.

We make these remarks by way of introduction to the following article from the Green Bay *Advocate*, adding simply the hint to our leading citizens that as Milwaukee owes Senator Dodge a debt of gratitude, for faithful and unfaltering public services, no fitter time could be found for the acquittal of this obligation than the approaching close of his Senatorial career. Let us give the Veteran, as he retires from the stage which he has graced so long, a parting compliment that will gild and gladden the evening of his days:

Gen. Henry Dodge.—One of the effects of the recent political revolution in this State will be the superseding of the Hon. Henry Dodge, U. S. Senator. We do not suppose that this will be otherwise than gratifying to the gallant veteran who has so long and so well represented Wisconsin in the Senate, for public service has never been of his own seeking, in the proper sense of the word, and he will be glad enough to spend the rest of his life in the quiet enjoyments of home. But Wisconsin can ill afford to spare him now. In the exciting times which the nation is now passing through, we shall not find another who will so well, so steadily, so influentially, and so faithfully, represent the conservative and law abiding sentiment of this State.—Making no parade, he has held an influence at Washington which has not been surpassed, if equalled by any Senator there; he has constantly been in his place, always watchful of the interests which he represents: and his votes are always right.

We are not sorry that the mode of his displacement will be through the success of the opposition. In the present feeling of the Democratic party, had it been successful, personal effort and enmity would undoubtedly have secured his defeat; and it is far better, with a man of his worth, to be overthrown by a political upheaval than to be stricken down in the house of his friends. Whatever combinations have been formed against him, they have been brought to naught by a common reverse, and his public life and services will go down to history free from that unfraternal struggle which so often marks the close of the career of our best men. A long life, a quiet and happy one, to the Sauk warrior, the first Governor, and the well tried Senator of Wisconsin.

The Growth of Iowa—Population of Wisconsin.

The census of Iowa, completed just before the late election, shows the aggregate population of that thriving state to be 503,201. Other figures from the table are as follows:

Owners of land,	66,728
Acres of unimproved land,	2,048,958
Bushels of wheat raised the year before,	5,408,698
Ditto Oats,	6,054,341
Ditto Potatoes,	2,012,470
Hogs sold, (number,)	102,676

The population of Iowa in 1850 was 192,214, and in 1840 it was 42,924. From 1840 to 1850 the rate of increase was 347 per cent—from 1850 to 1856 the increase is a little over 211 per cent.

The total value of all the live stock in the State in 1850, was $3,589,275; and the value of slaughtered animals was $821,164. In 1856 the value of cattle and hogs sold, not including horses and mules, and the stock of cattle and hogs remaining on hand, reached the large sum of $5,023,941.

The vote of Iowa at the late election was 89,370. The same proportion of votes to population gives Wisconsin a population of 700,000 at the present time, which would be an increase of about 150,000 in the space of 16 months, and the same rate of increase, which there is every reason to anticipate, will give Wisconsin a population of over 1,100,000 by the next U. S. census in 1860. The four states of Michigan, Illinois, Wisconsin and Iowa, with Minnesota, will doubtless by that census number *four and a half millions of people*. In 1830 the vast region now comprising these states had a population of 192,339 all told. What an illustration of the marvellous growth of the Free West!

A Rival for Ex-Gov. Barstow.—The Chicago papers state that Senator Douglas is pressing the claims of Col. Richardson—the great *rejected* of Illinois—for the office of Post-Master General. This, of course, is with a view to the next Presidential campaign. Whatever may be Col. Richardson's qualifications for other public offices, he certainly is *not* the man for Post-Master General.

A Superfluous Admission.—The *News* of Saturday confesses that "it is posted" as to the affairs of the "Dark Lantern" party of which it is the only accredited organ in the State. The confession is well enough, though quite unnecessary. The *News* carries its Know-Nothing badge on its face.

☞ The Beloit Paper Mill Company is rapidly growing in favor among paper consumers; orders are constantly multiplying and the paper manufactured would certainly be a credit to any mill in the country.—*Beloit Journal.*

New York Central Railroad.

A very interesting compilation from the Annual Report of the N. Y. Central R. R. Company appears in the Albany Evening *Journal* of the 10th instant, and we have thought that a condensed statement of the main features would interest many of our readers. The corporation, as our readers no doubt know, includes the several railways connecting Buffalo and Suspension Bridge with Albany and Troy; the length of road being 555 miles, and of double track, 312 miles.

The amount of its capital stock now paid in is $24,136,660 69. The total amount of its funded debt is $14,763,897 29. The road has no floating debt. The acceptances which have from time to time been given by the Company during the past year have all been paid in cash as they matured. The average rate of interest on the funded debt is less than 6½ per cent.

The receipts and expenses for the year ending 30th September, are thus stated:

RECEIPTS.	
Passengers,	$3,229,752
Freight,	4,371,389
Other sources,	171,928
	$7,773,069
EXPENSES.	
For Transportation,	$4,097,867
Interest,	931,577
To Sinking Fund.	111,182
	$5,140,626
DIVIDENDS.	
Feb. 1856, 4 per cent.,	$959,782
Aug. 1856, 4 per cent.,	959,782
	$6,060,190

Transportation expenses for the year ending Sept. 30th, 1856, 52.71 per cent. of the gross earnings for the same period.

Net earnings for the year ending Sept. 30th, 1856, $2,566,721 67, equal to 10.697 per cent. on the amount of the Capital Stock of the Company upon which dividends are payable.

The details of the earnings for the past year are thus stated:

Through passengers,	$ 997,734 62
Way passengers,	2,147,048 70
Through Freight,	2,226,451 64
Way Freight,	2,085,800 58
Express,	80,389 11
Transportation of mails,	87,597 82
Rent, storage, use of engines and cars, and other earnings,	84,590 63
Total,	$7,707,348 13

The number of passengers carried during the year, was 2,677,350, of whom only 155,245 were *through* passengers. The total tonnage transported was 776,112, of which 258,238, was *through* freight.

The average rate of speed, by ordinary passenger trains, including stops, was 21 miles per hour, and their rate when in motion, 28 miles; of express trains in motion, 35 miles; and including stops, 20 miles. The average fare for first class passengers was *two* cents per mile, and for second class and emigrant passengers 9½ mills per mile. The average rates of freight charged varied from 3 9-10 cents, to 5½ cts. per ton per mile. The total number of Locomotives owned by the company is 209; of passenger cars, 1st class 182; second class and emigrant do, 79; baggage, express and mail do, 66; covered freight and cattle do., 1871; platform and gravel do., 750—grand total, 2,958.

There are 123 buildings of brick, or stone, and 442 of wood, in use by the Company, 196 stalls for locomotives, and 27,555 feet of woodsheds. The value of wood on hand is estimated at $574,939 50, and of other materials, nearly $300,000 more. The distance by the road, from Albany to Buffalo, is 298 miles; the weight of rail per lineal yard, ranges from 57 to 75 lbs; the total number of bridges (iron, wood and stone,) is 323, and their aggregate length 36,023 feet. It is strikingly illustrative of the *safety* of Railway travel, that of the *two million seven hundred thousand* passengers carried over the N. Y. Central road, during the past season, only *two* were killed and 27 injured, by railway accidents. This is an infinitessimally small proportion. Of the employees of the Company, 14 were killed and 9 wounded, and of all others 38 killed and 7 injured. Of these last 3 were killed by jumping on or off trains while in motion, and 26 by being run over, while standing, walking, or lying on the track.

The above statistics will give our readers a good idea of the vast amount of trade and travel which constantly pours along the New York Central Railroad; of the speed, safety and regularity with which the numerous trains are run; of the value of the stock as a permanent investment, and of the vigilance and ability of the officers who manage its concerns and superintend its working. In all these respects the New York Central is a *model* road, and its agent here, Capt. I. H. Cotton, is worthy of the road.

The Largest Congressional District in the United States.—The largest Congressional District in the United States (says *The Cincinnati Enquirer*) is the second District of Wisconsin.—The usual average for Congressional Districts is from eight thousand to fifteen thousand votes, but this District at the late election voted thus for Congressman:

C. Billinghurst,	25,800
H. C. Hobart,	23,443
Total vote,	49,243

This is enormous, and well illustrates the prodigious growth of Wisconsin within the last five years. By the next census that District will undoubtedly be entitled to at least three members of Congress.—*Washington Union.*

The District above alluded to is the Third, not the second District, of Wisconsin. The second District, (represented by C. C. Washburne,) gives very nearly as large a vote as the Third.—The aggregate vote of our three Congressional districts was as follows:

First District,	25,925
Second do,	43,550
Third do,	50,498
Total,	119,973

Compared with the total vote in some of the Southern Congressional Districts, (where six or seven thousand is a large poll,) these Wisconsin aggregates do, indeed, look "enormous."

Hit Hard.—The *News* winces under the severe discipline administered to it by its democratic yoke-fellows in the "rural districts," and retorts by calling them "tenders" and "conveniences" of "the *Sentinel*," and insinuating that they are under pecuniary obligations to Mr. Noonan. We do not pretend and certainly shall not seek to know, what may be the business relations of the Ozaukee *Advertiser*, Horicon *Argus*, Beaver Dam *Sentinel*, Mineral Point *Democrat*, Madison *Patriot*, Green Bay *Advocate*, Appleton *Crescent*, &c., &c., with Mr. Noonan, or whether their credit and condition is better, or worse, than that of the *News*. We are safe, however, in assuming that they are at least as faithful exponents of Democratic sentiment in their respective localities, as the *News* is here, and that the attempt of the *News* to read Mr. Noonan out of the party and to make Saint Barstow the special and single object of democratic worship in Wisconsin, is very unanimously and emphatically condemned by its brethren of the country press.

Enterprise.—The proprietors of this establishment procured from Milwaukee, and sent to *Thirteen Hundred* of the subscribers in this county, who, it was thought, would be less likely to get it from other sources, the President's Message.—*Elkhorn Independent.*

We intended to have noticed at the time the enterprise of our neighbors of the *Independent*, but it escaped our memory in the hurry of business. And we take pleasure now in saying that a paper which requires us to furnish it with 1300 copies of the Message to supply its subscribers in the rich county of Walworth is just the paper in which our wide-awake merchants will of course advertise their business.

The Business of Superior City for 1856.

The Lake Superior Chronicle, of the 23d ult., gives some interesting statistics relative to the commerce of that far-away place. The following table will show the number of vessels that have arrived during three years:

	Steamboats	Sailing Vessels	Total.
1854			7
1855	23	10	33
1856	44	16	55

This shows an increase in 1855 over 1854, of 26 vessels, and an increase in 1856 over 1855, of 22 vessels. Imports for the season aggregate $583,420, an increase over 1855, of $348,735.14. Lumber imports, about 500,000 feet, are additional. The freight charges on the several amounts, at the established rates, ($1,50 a $1,75,) will sum up as follows: Cleveland boats, $31,050; Chicago and Milwaukee boats, $21,042. There were brought from Cleveland and Detroit, 20,200 barrels; and from Chicago and Milwaukee, 14,028 barrels.

The trade of the Lake Superior country is becoming largely remunerative, and our share of it is already large and rapidly increasing.

A Compliment Well-Deserved.—The Janesville *Gazette* accompanies the publication of the Address of our Republican State Central Committee, with the following well-merited compliment to the members generally, and more especially to the able, energetic and untiring Chairman, Senator L. P. Harvey:

Our State Central Committee has labored well during the campaign, and deserves the thanks of the republican party. Much of the glory of our victory should be attributed to their energetic efforts. Hon. L. P. Harvey, chairman of the committee, is especially deserving of praise. He has labored with untiring zeal in the cause during the whole campaign, and has been on duty wherever there was need of the services of an eloquent champion on the stump, or an able counsellor in private. He now knows what well directed labor can effect in conducting a political contest, and can look at the results, so well stated in the address, with much personal satisfaction.

Prairie du Chien and La Crosse R. R.

The following officers and directors were chosen at a meeting of the Stockholders in this city on the 27th inst:

C. K. Lord, President.
T. B. Stoddard, Vice President.
Theo. Rodolf, Treasurer.
Jas. R. Bame, Secretary.
E. D. Clinton, Stock Agent.
E. P. Pike, Sup't. and Engineer.
W. F. Potter, Howard Cramer and B. W. Reynolds, Executive Committee.

Directors—T. B. Stoddard, W. L. Potter, Howard Cramer, C. K. Lord, Aaron Carlyle, D. D. Cameron, Wiram Knowlton, George Gale, Theodore Rodolf, C. G. Hanscom, E. D. Clinton, F. M. Rublee, J. R. Bame, L. B. Bacon, and B. W. Reynolds.

The annual meeting of the stockholders will be held on every Tuesday following the second Monday in October. Quarterly meetings, the second Monday in January, April, July and October.

We observe with the greatest satisfaction, that the company have placed men at their head who possess the strong will, not only to commence, but to complete this road. For our city, it is an important undertaking. The President, Judge Lord, is known as one of the most determined and industrious men in the state. Under his supervision there will be no such words as backing out. We can bespeak for this road success. A connection with Madison, as well as with the great chain of railroads leading to the Eastern and Southern Roads, will place our city, at an early day, in railroad communication with the great market ports of the West and East. Our business men, and all who have capital and interest in our flourishing city, should do their utmost to effect, as soon as possible, the completion of this road.—*La Crosse Democrat*

One of the boats of the Steamship Lyonnais Picked Up.

The following is an extract from a letter received from Capt. Peabody, of ship Neptune, which sailed from this port on the 5th Nov, for Liverpool, where she arrived on the 25th. This undoubtedly refers to the steamship Lyonnais, and may be regarded as the last that will ever be heard of the ill-fated steamer:

"Friday, Nov. 7—The mate came down and told me there was a wreck in sight. I went on deck, and saw it was a small boat. Lowered a boat and soon had her made fast to us. Commenced unloading her of her contents. The boat was large and well filled with provisions, six bottles brandy, two kegs wine, hams, meats, two chronometers, and a quantity of silver coin (about $500.) I suppose the boat belonged to a French steamer, as there was a spy-glass, on one end of which was engraved. '*Franco-Americaine steamer Lyonnais.*'"—*N. Y. Tribune*, Dec. 11.

Anecdote of Col. Fremont.—The New York correspondent of the London *Daily News*, has the following in a letter dated Nov. 8:

Colonel Fremont, yesterday, in threading crowded Wall street, jostling himself against a thousand pedestrians, hailed a friend over the other side of the street, for a moment, and a smile was on his face, and he said, "Well, better luck next time: now I have got four years of freedom.' The next words were worthy of John Charles Fremont: 'May God order that Mr. Buchanan will make a better President than I could.'"

Receipts of Lumber.—Mr. N. Pendleton has kindly furnished us with the following account of lumber, &c., received by him during the season of 1856. A large amount of this has been forwarded to points upon the line of the Racine & Mississippi Railroad. It shows a large business has been done by him during the past season:

7,500,000 feet Lumber.
1,000,000 " Lath.
1,600,000 shingles.
500 cords shingle bolts.
20,000 cedar posts.

☞ Capt. John Brown, who threw such terror into the ranks of the Border Ruffians at Osawatomie, and who, had he then had one hundred men armed and equipped, would have scattered the whole horde of Pro-Slavery marauders—made us a call yesterday. He has the greatest confidence in the final triumph of Free State men in Kansas, for he argues that it is impossible Slavery should live in a community where so great a proportion of the intelligent, energetic and worthy settlers are opposed to it.—*Cleveland Herald.*

Stock Gambling in Wall Street.

The Albany *Journal*, after alluding to the failure of Jacob Little, the great stock operator of New York, speaks as follows:

"No time can be better than the present to call the public attention to a great evil, whose seat and centre is Wall street. The whole state of New York is interested in the gambling in future values, which is so mightily carried on in that locality. The worth of a large portion of the acquired earnings of our citizens is constantly distributed there. Hundreds of millions of dollars of property weekly experience depreciation by the arts of men whose vocation is to play with it, as gamesters play with cards. By a force which is at present irresistible, the stock exchange compels to its own daily measures of value, the worth of all the shares in the state which are quoted at its Board. Thirty million dollars of the stocks and securities of the greatest of American railroads may be owned by thirty thousand different women, retired merchants, orphan children, and public charities.—Not one dollar of either may be seeking a purchaser in Wall St. Yet the organized gambling there can at will invent millions of both, and make them the subject of sales wholly imaginary, and in which no property passes, but whose prices rule tyrannously throughout the state and the republic. A stock which pays eight per cent., and is fully confided in by all who own it, and should quickly command at least one hundred cents on the dollar, is firmly held down to eighty-three cents, by one bold man's steadily offering to deliver it at a future day at those figures. For all the purposes of exchange or security, a depreciation may be sustained by the bona fide owners of the corporate property we have named, within a few day's time, of over five millions of dollars.

No stock large enough to offer a basis of operations, can be saved from this devouring gambling hell. As the scrip is never used, and never needed—as only the differences, between the betted present and future values are paid—stock which is under lock and key in New England, may have to release its worth, and allow it to be fingered and passed from hand to hand in Wall street—like the ivory "chips" at the *rouge et noir* tables of Baden. And the bulk of the transactions on the share exchange are as purely gambling, as is the betting on faro, on roulette, or on the time of a race horse. The tricks and knaveries known to the course, and to the vile vocations of throwing dice and dealing cards, have their full counterparts in stock gambling. The souls of men are lost in it, full as easily as their fortunes.

To the inquiry, "what is the effect upon a great mercantile community of a system such as we have briefly sketched?" the ruin of Schuyler and the crimes of Huntington, and the feverishness and social competition and voluptuousness of much of New York life, make partial reply. The gambling of Wall street is contagious. Time sales have now transcended the share market, and have gone where gamesters never till recently dared intrude. Pig iron is sold—on time—the difference in value only to be delivered—the metal never. Flour is sold—not a barrel being on hand. So with beef, pork, corn, wheat cotton and sugar. Their future values are betted on, and men engage to deliver them in quantities which are never looked for, and indeed do not exist. The substitution of chance for mercantile forethought, has its natural and vicious harvest. Losses, embarrassment, and bankruptcy of fortune and of character, go in its wake, as inevitably as poverty and rags do follow dicing.

From this Brokers Board has breathed upon the city and state of New York a spirit of speculation and gambling which is frightfully contagious and frightfully corruptive. Industry, Economy and Industry are no longer our sole basis of commercial prosperity. Men are in hot haste to get rich. The gambler's vices of prodigality and display are fast becoming the characteristics of social life in the great city of America. Honor and honesty are relaxing their holds on the minds of men. Crimes of acquisitiveness and breach of commercial trust, grow frequent with us, and the social judgment and social punishment of them grow lenient. Success more and more becomes the measure of right and of wrong.

The removal of such a pest in the business affairs of the nation's emporium, as fell in Wall street on Friday, (its day) will be but temporary good if the noise of his ruin does not serve to arrest the attention of the state at large to the evil of which he was but a natural product. The evil may defy all the arts of legislation. But the public weal requires that those arts should be exhausted in attempts to stop the sale of stocks on time.

The Telegraph to Europe.

The Trans-Atlantic Telegraph has become a fixed fact. The discussions of the British Chambers of Commerce on it are given in another column. The line has been sounded and surveyed. The bed has been chosen whereon to lay the wire—the Mechanics hired to forge it—the ships spoken for to lay it, and the day set for them to sail.

Two vessels, each carrying half of it, meet on May 31st in mid-ocean. The ends are linked, and one sets sail for America, the other for Ireland. The cable runs out overboard at the rate of ten miles an hour. When one ship reaches Galway, and the other Cape Race, the work is done.

It will cost a million and a half of dollars. Liverpool subscribes a quarter of a million, Manchester a hundred thousand, New York, London, Birmingham and Boston, will raise the rest. So settled an affair do the Stockholders seem to consider it, that they are beginning to discuss what dividends they will pay next year, and how much they will charge for "ten words" from New York to London!

Submarine telegraphs multiply fast. There is a wire from Dover to Calais under the British channel. There is a wire from Ostend to Dover, under the German Ocean. Dublin and Liverpool are connected by a wire under the Irish Sea. Vienna and Sebastopol are linked by a wire under an arm of the Black Sea. The Ionian Isles are next year to be wired fast to Greece. Algeria is to be fastened to France, Malta to England, and Egypt to Constantinople. The London Telegraph Operator in 1858 will hold in his hand wires running to the four quarters of the Globe, as easily as a Coachman gathers up the reins of a Four-in-hand!—*Albany Eve. Journal.*

Milwaukee and Horicon Railroad.—In its commercial review, the New York *Herald* of the 9th inst, says: We perceive that some of the convertible sinking fund eight per cent bonds of the Milwaukee and Horicon Railroad are to be sold by Mr. Muller to-morrow. We have occasionally reprinted notices of the progress of this road, and having taken more or less pains to become acquainted with our western roads, we are disposed to regard the Milwaukee and Horicon with favor. Its officers are sound, substantial, practical men; the road has been built from point to point always within the time proposed; all their appointments have been promptly kept, and they have never been borrowers of money. The bonds are issued at the rate of ten thousand dollars per mile, and are secured by a first mortgage on forty-two miles of road, thirty-one of which are already completed, and the grading of the remaining eleven miles, as we learn, is nearly all done and the ties, iron, &c., on hand at Milwaukee. Over seven hundred thousand dollars have been expended on the work thus far, and the company still hold a quarter of a million of bonds, the proceeds of which will leave a large surplus—such has been the economy with which their business has been conducted and such the success which would have attended almost all our Western roads had their projectors been men of real substance and honesty. When will capitalists learn to look to the standing and character, at home, of those to whom they entrust their money?

Colonize!

Resolved, That this meeting look on the organization of emigration to Kansas, as it has now been unfolded to us, as an agency of the most wonderful efficiency in the expansion of freedom, education and institutions of the Gospel.—[*Telegraph to the Atlas.*

Such was the Resolution passed by 200 Clergymen of all denomination yesterday in the city of Boston, after Eli Thayer had made a full exposition of the objects of the Emigrant Aid Co. No resolution ever passed a public body by unanimous vote, more full of truth, and more demanded by Right and by Policy. We trust that the good men and women of this and of every other city of the North, will be impressed by this concurrence of the clergymen of the noble State of Massachusetts in the opinion, that the Kansas Emigrant Aid movement is for "the expansion of Freedom, Education and the institutions of Gospel." It truly is.*Albany Eve Journal.*

Wisconsin Stocks and Bonds.—The N. Y. *Tribune*, of the 11th instant says:

La Crosse was in demand and improved to 82½. There were several bidders on the time at higher prices, but no stock offered.

The Farmers' Loan and Trust Company advertise for sealed proposals for the sale for cash of seven of the first mortgage bonds of the Milwaukee and Horicon Railroad, to be paid for out of the sinking fund, of which, by the terms of the mortgage, the Farmers Loan Company are made the depository.

Land Warrants.—In relation to Land Warrants, *Thompson's Reporter*, of Dec. 10, says:—

In consequence of the great number of Land Warrants that have been issued by the Department at Washington on forged applications, and the location thereof suspended, and as our full guaranty to purchasers throws such loss upon us, we have to quote warrants with a little more margin than formerly, between the buying and selling rates. We quote this week, viz:

Acres.	Buying.	Selling.	Acres.	Buying	Selling.
40	$1 10	$1 15	120	86	90
80	91	95	160	91	95

Waushara Co. Vote.—The Madison *Argus* has had something to say about the large Republican majority in this County as being a "suspicious prodigy"—in fact intimating that the returns of Waushara County are fraudulent. We do not get the Argus, but find this alluded to one of our exchanges. To which we have only to say to the Argus ilk, Put Wm. A. Barstow up for Governor next year, please, and then come up here on election day and Waushara County will treat you to just such a "prodigy" only, may be, a little more so. It will be a free fight, and you shall have the best possible opportunity to see how it's done.—*Wautoma Journal.*

Underground Railroad.—That the Underground Railroad is in a lively state of activity is evidenced by the fact that seventy-five fugitives have passed through this city during the last six or eight weeks on their way to liberty. They are from Kentucky, Virginia, Georgia, and the chivalric State of South Carolina. The last company of nine that passed through were from near Covington, Ky. The patriarch, their master, was about to have them sold to pay his debts, preparatory to his going to Chicago; but the spirit of emigration seized upon the "chattels," and they anticipated their master by leaving on an advance train.—*Cleveland Herald.*

Savannah, Ga., Dec. 12.

Southern Convention—evening session—Nothing of special importance was done at this session. A motion to reconsider the vote on the Pacific R. R. resolution of to-day, was made, with a view of offering a series of resolutions affirming, in substance, that Congress has the power to build railroads in Territories, but not in States—tabled. The vote rejecting the resolution on reviving the slave trade, was explained, by amendment, as not to have been carried by any feeling of deference towards the North.

☞ The Cincinnati *Gazette* of the 10th says:

"The upward tendency in the price of Hogs noticed in our last weekly review continued up to Friday, when sales were made at $6,05a6,40. On the two succeeding days the market was weak, and sales Monday ranged from 6 to $6,25. This was caused by increased receipts. Yesterday, however, dealers began to feel more confident again, and a slight reaction was observable, which increased in favor of sellers as the day advanced. The quotations show a range from $6 to 6,25, but at close good lots were in demand and more sought after at $6,20a6,25, notwithstanding the check placed upon trade by the stringency in the money market."

Dear Sir: "I was for five years severely afflicted with *Chronic Billious Dysentery*, for which I was attended by several of the best Physicians in the country, but all of no avail. I also used various remedies, but could find nothing to benefit me until I was induced to try *Hoofland's German Bitters*, after taking four bottles of which, I was entirely cured, and *am now enjoying the best of health.*"

Scrofula and Salt Rheum

Of four years standing, cured by Carter's Spanish Mixture.

WOOSTER, Wayne Co., Ohio, Dec. 1, 1855.

MESSRS. BENNETT & BEERS,

Gentlemen:—Having for four years past been suffering with Scrofula in its worst form, without finding relief from our best physicians, I was solicited by a friend to try Carter's Spanish Mixture. It gives me pleasure to state that before finishing the first bottle, the disease relaxed. I then ordered two more bottles; and with heartfelt gratitude, I state to you the fact that two bottles of your excellent preparation has entirely cured me.

The third bottle I gave to a friend who had been suffering with Salt Rheum for a length of time, and he, like myself, owes his restoration to health to the virtues of "Carter's Spanish Mixture." You are at liberty to use this letter in any way you may think proper, if it will benefit the afflicted.

Your obedient servant, JOSEPH ROBINSON.

Dalley's Magical Pain Extractor.

THE great and principal characteristics of DALLEY'S MAGICAL PAIN EXTRACTOR consist:

1st. Of its never-failing and unique property, as soon as applied to any external injury, TO CHECK INFLAMMATION instantly, and rapidly to reduce it. This feature constitutes its great power to alleviate the pain of burns and scalds, and of other painful diseases, in so incredibly short a space of time, and as will appear from the *few* testimonials hereunto annexed. Every intelligent mind is fully aware that, in all cases of external injury, the pain is produced by inflammation of the injured parts; and, therefore, if you remove the cause the effect must cease.

2d. Its purificative properties neutralize the poison that may lurk in the system, and will, when applied to the sores, draw rapidly all impure matter to the surface, and eject it—hence the great discharge it produces from sores occasioned by burns—and when applied to old, inveterate sores, Salt Rheum, or other cutaneous diseases.

Each box of Genuine Dalley's Pain Extractor has upon it a Steel Plate Engraved Label with the signature of C. V. CLICKENER & CO., proprietors, and HENRY DALLEY, manufacturer. All others are counterfeit.—Price 25 cents per box.

☞ All should be addressed to C. V. Clickener & Co., 81 Barclay street, New York.

Sold by all Druggists and Medicine Dealers throughout the United States. oct11d112d&w3m

CAUTION.

CALEB WALL, Ag't and Auctioneer

City Land Office.

LET every person remember that the Great Grand Sale of Lots of Kilbourn City comes off on Thursday, December 18 at 10 o'clock A. M. Now allow me to say one single word to any one who has any money, *do not neglect this sale.* There is a great grand chance for all to get rich—as much so as those who purchased property in Milwaukee ten years ago. If any one will give me what my property is worth in Milwaukee I will obligate to go and live in Kilbourn City, for I never have seen a more beautiful place. The terms of the sale of the lots in Kilbourn City are very easy. ¼ cash, balance in 1, 2 and 3 years, 7 per cent interest.

dec13
CALEB WALL

City Land Office.

I CAN be found at all times at my office over the City Auction Room, where I will attend to all sales, and make all arrangements in selling Real Estate. I am prepared to purchase short time notes and mortgages.

Also, I have fifty-five thousand five hundred dollars in Railroad Stock which I will exchange for goods or sell on time. I am in hopes, in the course of three weeks to get in my new office. Then I will be able to accommodate my friends and also strangers with all those conveniences that the City Land and Exchange Office can afford.

I would also remind you of the sale of lots in Kilbourn City and Sheboygan City, and the sale of that magnificent farm formerly owned by —— Douglas, one mile from city limits. All this grand sale comes off on Thursday, December 18, at 10 o'clock in the morning, at the City Auction Room.

dec18
CALEB WALL

CITY AUCTION ROOM

THE great sale of Lots in Kilbourn City and Sheboygan city, the sale of that beautiful farm one mile from city limits, all comes off on Thursday, Dec. 18th, at 10 o'clock in the morning, at the City Auction Room. A great chance offers to any one who has money. Now is the time to take advantage, for money is very scarce indeed, and those who have money have a great chance. Maps of Kilbourn City and land are now ready, and can be had.

(dec11)
CALEB WALL

City Land Office.

ON THURSDAY, December the 18th, in the morning at 10 o'clock, I will sell the following Real Estate, on terms that will give a chance to all persons to purchase property upon which they must and will make one hundred per cent, between this and spring.

The sale will commence with one hundred lots in Kilbourn City—that great city which has been laid out, and which is and must be the seat of Government of our state. I have maps of said city which I will give to all who wish them. The terms of the sale of the lots in Kilbourn City are ¼ cash, the balance in 1, 2 and 3 years, with seven per cent interest.

The second part of the sale is sixty lots in the City of Sheboygan, which is on Lake Michigan and a distance of sixty miles from our city. I am told by several who have visited Sheboygan, that she will be the next to Milwaukee, and I have no doubt, from the situation she holds, but what she might be the second to Milwaukee. This property I am going to sell is central, and it will be sold on very easy terms indeed.

The third part of the sale is some thirty or forty lots in the new and beautiful city of Beaver Dam, where a large and a very heavy and extensive business is now doing, owing to the Grand Depot which the La Crosse Railroad has located there. The lots which I am going to sell are near the depot, and are very desirable and very valuable. The terms upon which these lots are sold are very easy.

The fourth part of the sale is that Grand and inviting farm, which formerly belonged to our old friend Douglass, which has been cut up into ten acre lots, about ½ miles should think, from city limits. It is about ¾ mile from Mr. Chase's and about same distance from the Rev. Mr. Lefever's. This is a very desirable and beautiful location for residences, about thirty minutes ride from my office, and you have, from any one of the ten acres a full view of our beautiful city, and for business men it is a very desirable residence. There is a portion of timber sufficient with each ten acre lot to keep up the fences and for fire wood for the next fifty years. This property will be sold one fifth cash, balance in one, two and three years, with 8 per cent interest.

The fifth part of the sale is some twenty valuable lots in 1st, 3d, 5th and 7th Wards in our city. I here can say no more than what I have said, that it makes very little difference where you purchased property in Milwaukee, you are very sure and very certain to treble your money in a very short time. Well, this is all I have to say at present.

Will all the city papers who advertise for me please copy the foregoing advertisement and send their accounts to my office for collection?

CHARLESTON, Dec 12

The steamer Isabel and Key West from Havana, arrived here this morning. The steamer Tennessee had arrived at Key West from San Juan, on the 4th inst., with 500 passengers and $900,000 in specie. 15 of the passengers of the Tennessee had died of cholera.

The passengers state that the accounts from Nicaragua were that Gen'l Walker had been driven from every place where he had obtained a footing, with the exception of the Transit route. The last accounts reported that 190 of his force, after fighting 9 days at Grenada, were surrounded by the Costa Rica, Salvador and Guatemala forces. Gen'l Walker was on board a steamer on the Lake without communication with his army, and his men were suffering from the want of provisions and clothing, and were dying off by disease.

A naval fight had occurred near San Juan del Sur, lasting two hours, between a Costa Rican brig of war, and the Nicaraguan war steamer Grenada.

Among the passengers of the Tennessee is Lola Montez.

The dates from Havana are to 10th inst. Sugar had improved ¼ a ½ cent per pound.

The steamer Black Warrior and Philadelphia from New York, had arrived at Havana.

General Harney and Suite had arrived at Key West on a tour of inspection to the different posts there.

Flags of truce were hoisted at all the posts through the country for the purpose of calling in the Indians for a talk, if possible to bring them to terms of peace.

IMPORTANT TO EVERYBODY.

FOR the last three years, I have been engaged in a business known only to myself, and, comparatively, few others whom I have instructed for the sum of $200 each, which has averaged me at the rate of $2,000 to $3,000 per annum, and having made arrangements to go to Europe in the Fall of 1857 to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canadas, who will remit the sum of $1. I am induced from the success I have been favored with, and the many thankful acknowledgements I have received from those whom I have instructed, and who are making from $5 to $15 per day at it, to give any person an opportunity to engage in this business, which is easy, pleasant and very profitable, at a small cost. There is positively No Humbug in the matter. BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR DYSPEPSIA, [illegible]

[illegible] and the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on the strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

CARTER'S SPANISH MIXTURE,

THE GREAT PURIFIER OF THE BLOOD!

THE BEST ALTERATIVE KNOWN!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great Alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the Diseases of FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy, a single bottle of this inestimable remedy is worth all the so called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, Hotel keepers, magistrates, physicians and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED). The limits of an advertisement will not admit their full insertion.
